Political Advertisement Review Form	

Candidate "Use"

If an issue advertisement includes the <i>favorable</i> appearance of a candidate – and is therefore a "use" – then the following information must be placed in the online political file:	✓
The name of the candidate	✓
The election (<i>i.e.</i> , the office sought)	✓
The sponsor of the ad	✓
A schedule of the time purchased (class(es) of time purchased, length of spots)	✓
Information on schedule changes (preemptions, make-goods), and any rebates.	✓

If a candidate appears in a program that is <u>not</u> an advertisement (<i>e.g.</i>, a program that is not covered by one of the news exceptions, such as a local charity telethon), this is still a candidate "use," and the station must place a memo with the following information in the online political file:	N/A ✓
The name of the candidate	
The election (<i>i.e.</i> , the office sought)	
The name of the candidate's authorized committee	
The time and duration of the appearance	

If free time is provided for use by or on behalf of a candidate, place a memo with the following information in the online political file:	✓
The name of the candidate	
The election (<i>i.e.</i> , the office sought)	
The name of the candidate's authorized committee	
The time and duration of the free time provided	

How to Access the Online Political File

The online public file is accessed at <https://publicfiles.fcc.gov/>. Login using the station's facility ID number and passcode.

To locate the political file folders, once you have logged into the online public file, hover over the "Manage Public Inspection Files" link at the top of the screen, click on the "Political Files" link in the menu that appears. Click on the correct year and then choose the correct folder for the political material:

- (1) Federal;
- (2) Local;
- (3) Non-Candidate Issue Ads;
- (4) State; or
- (5) Terms and Disclosures

How to Organize the Online Political File

It is important to keep your online political file well organized.

Use Folders: Use the main folders (Federal, Local, Non-Candidate Issue Ads, and State) and create sub-folders to store files by Candidate name, PAC, or Issue (e.g., Local/Sheriff/Candidate A, State/Senate Primary/Candidate B, Federal/House/Candidate C, Issue Ads/NRCC/Healthcare, etc.).

Naming documents: Name uploaded documents using identifying information (e.g., Purdue082615, NAB FormPurdue082615) that would be helpful to someone searching for information in the political file. If the order is revised, leave the original order in the folder and upload the revised order with a new name (e.g., Purdue082615v2 or Purdue082615Rev1).

DO NOT use the online political file to store all political advertising information. Include ONLY the information that the FCC requires.

Timing

- Once an order is placed or revised, the required information should be uploaded to the public file within **24 hours**.
- NAB Form (or letter with all required information) must be uploaded at the same time as the order.
 - **Important:** The NAB Form provided by the candidate or issue advertiser must be filled out **completely**. If they choose not to use the NAB Form, then they must provide all the information listed in the charts above. If any information is missing, the Station should fill it in before uploading it to the public file.
- Once the ad is received, the station should review it for compliance with sponsor ID **and** complete the **Political Advertisement Review Form**. The review form should be uploaded to the political file immediately after review.

Contents of the Online Political File

DO NOT place in the online political file:

- Requests for time that do not result in a final order (except where a request for a candidate spot is refused – see below).
- Checks or credit card statements – proof of payment is not required (e.g., do not include bank account information, social security numbers, etc.).
- Memos containing internal valuations of packages.
